

The PM-120 is a dynamic and close talking microphone designed solely for paging applications.

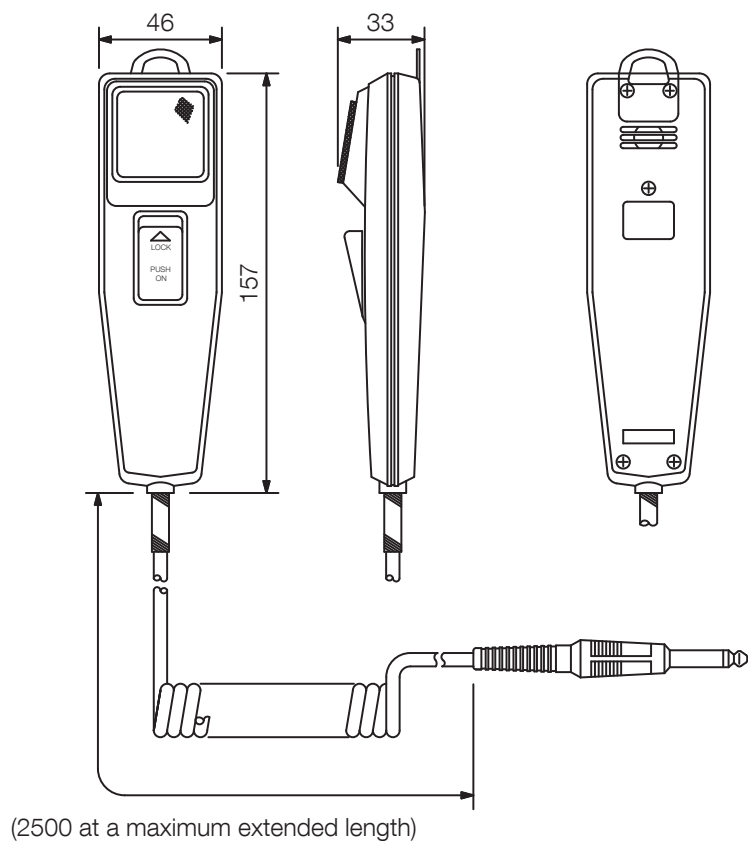

Order no: PM-120

## Specifications

|                          |  |
|--------------------------|--|
| Frequency response       | 50 Hz - 12 kHz                         |
| Rated impedance          | 250 $\Omega$                           |
| Controls                 | Push-to-talk switch                    |
| Type                     | Heavy duty paging microphone (dynamic) |
| Directivity              | Unidirectional                         |
| Sensitivity              | -56 dB (1 kHz 0 dB = 1 V/Pa)           |
| Weight                   | 230,0 g                                |
| Dimensions (W x H x D)   | x 157                                  |
| Dimensions ( $\phi$ x D) | 46 x 157 mm                            |
| Gross weight             | 0,3 kg                                 |
| Finish                   | embossed,                              |
